 president, april, 1970

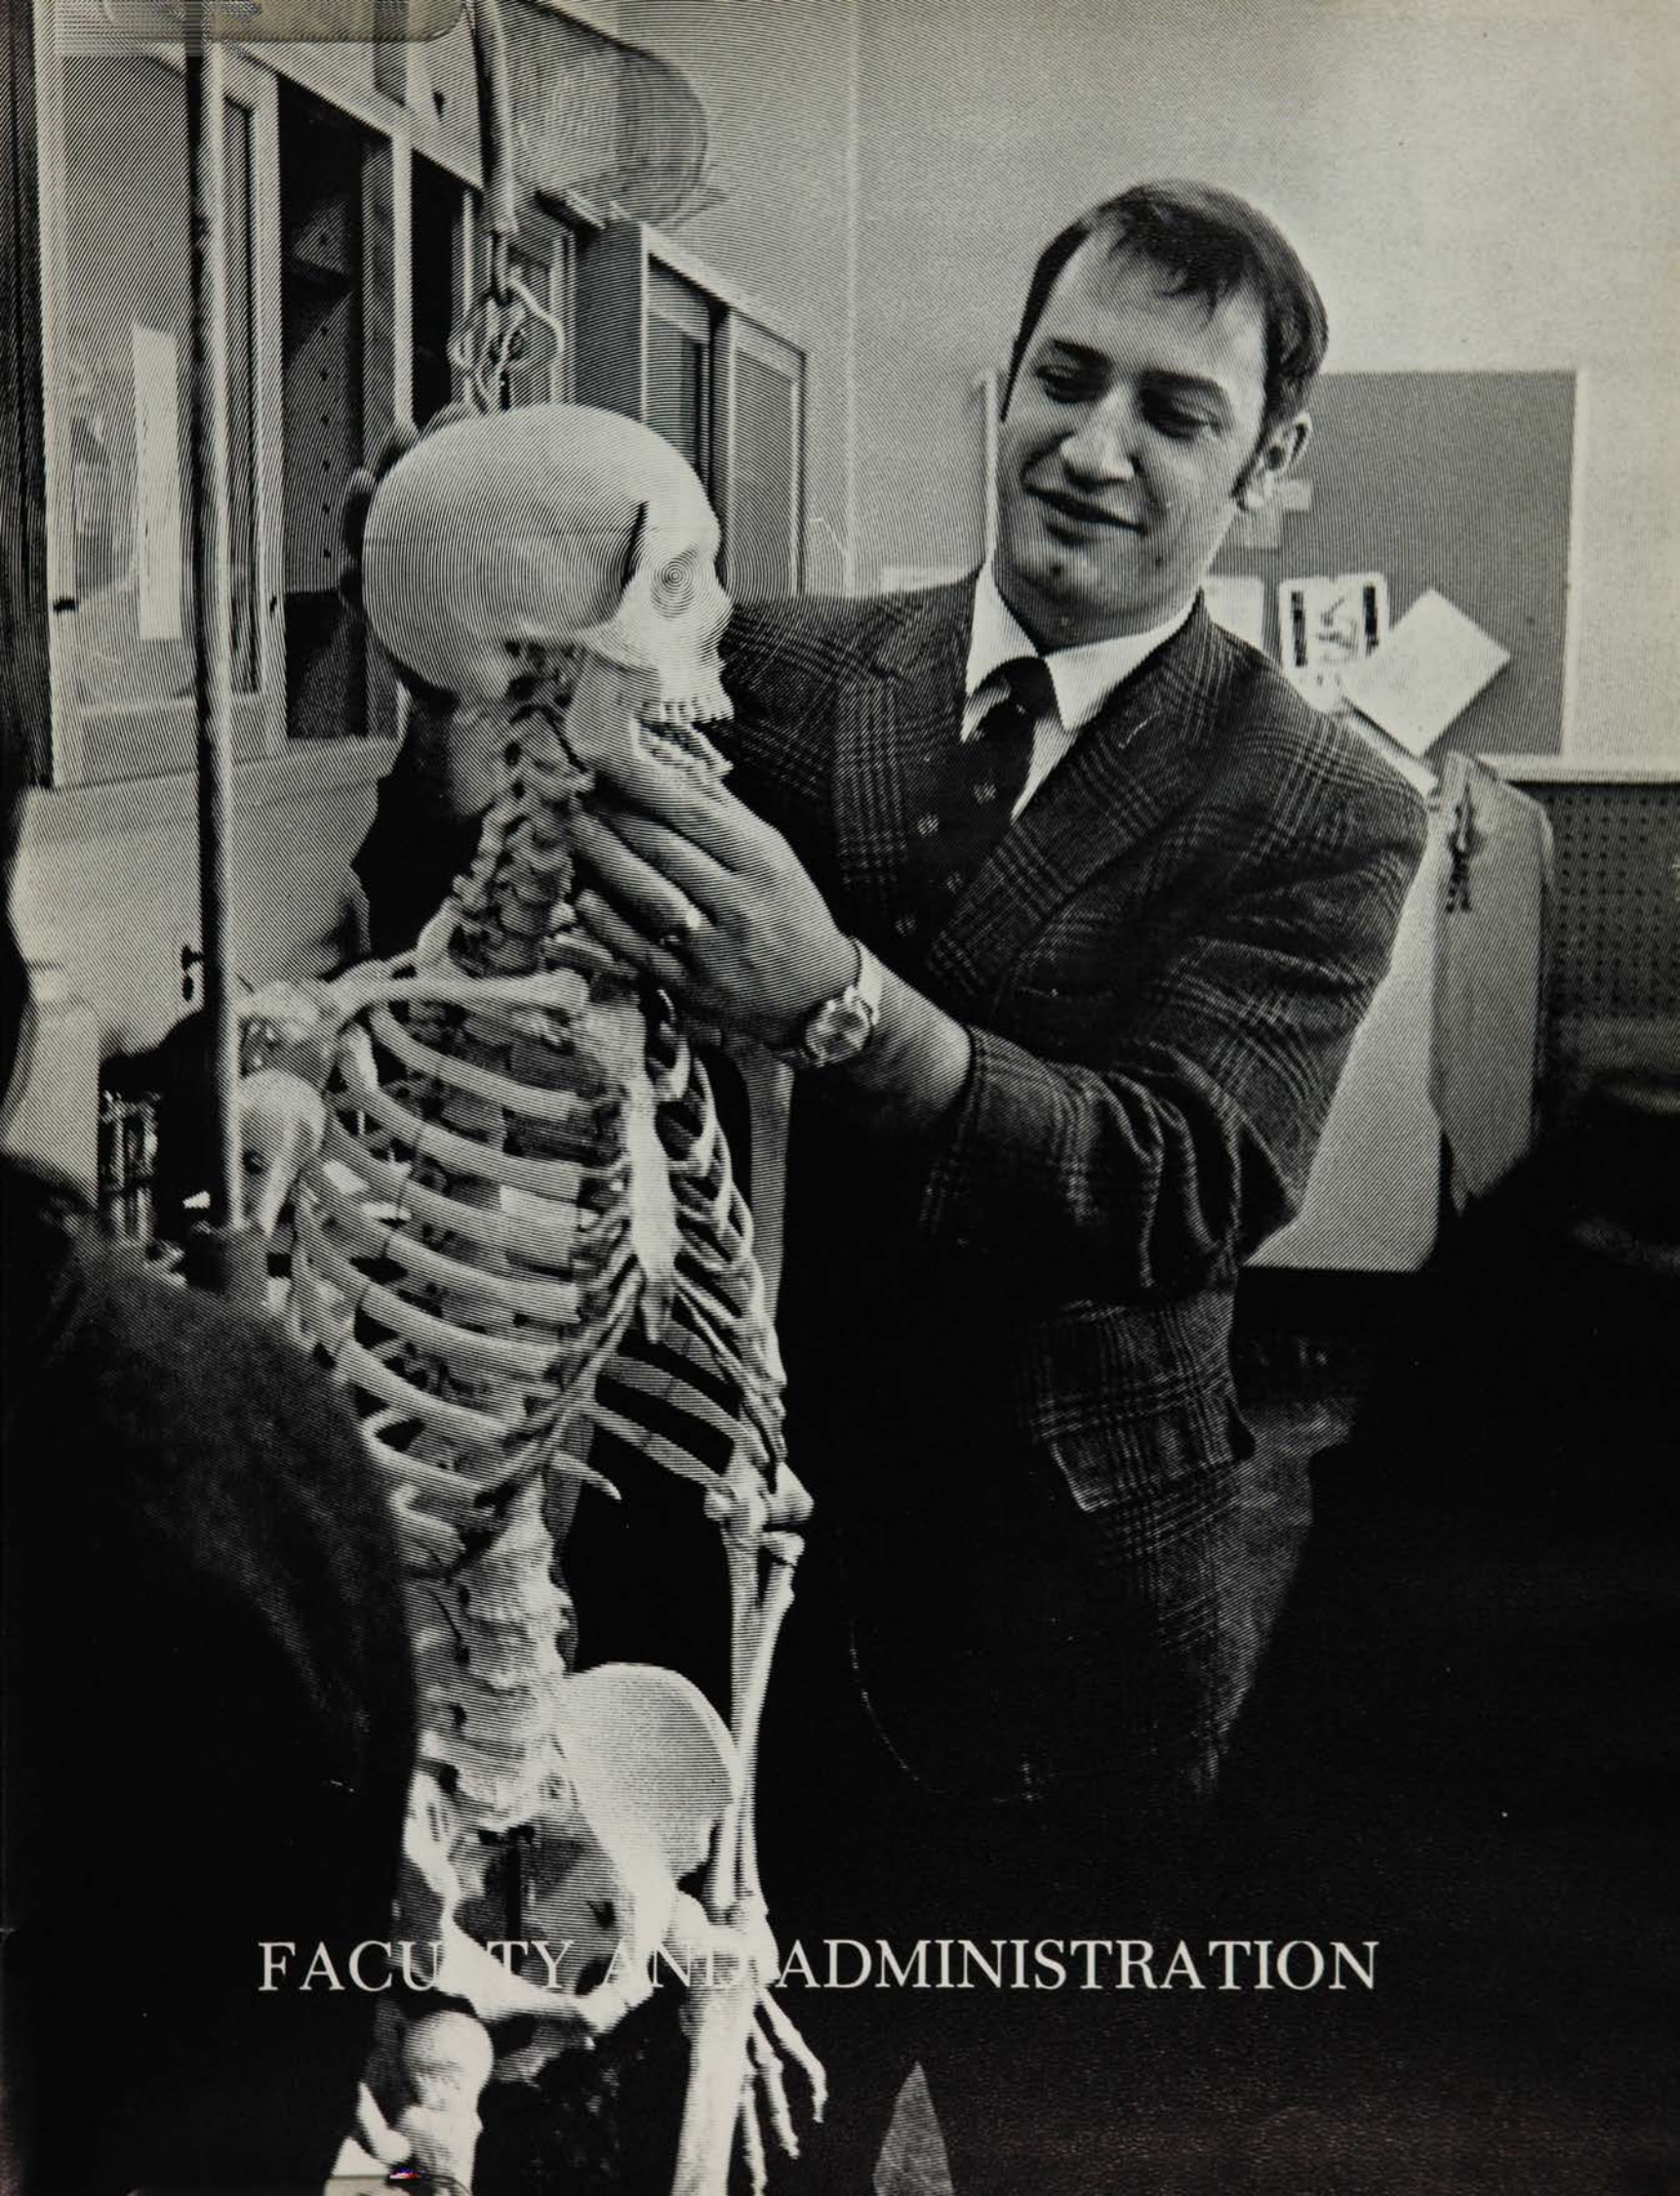

Dear Carmen,

We, the class of 1970 would like to express our thanks and love to you with the dedication of this yearbook. To give of oneself is a unique ability found only in unique individuals. You have made us a gift of your time with devotion, spirit, and enthusiasm. In you, we have found guidance and inspiration as you worked with us on committees, as a student body, and as individuals. In our years together, and in all instances, you have been there when we most needed you.

For all of this, and so much more, we thank you in the hope that this dedication adequately conveys our respect and appreciation and in the knowledge that our thanks can only be expressed in our timeless remembrance of your gift.
